THE NATIONAL ASSOCIATION OF FIRE PROTECTION OF THE REPUBLIC OF SERBIA (NAFP-NUZOP)

- NAFP is the National Professional Association of the Fire Protection,
- It was founded in 2012. with the aim of promoting and developing the system of fire protection in the Republic of Serbia;
- The NAFP is Partner of the Fire Protection Europe network,
- The Basic Social Role of the national association is to mobilize all the actors of society involved in fire protection, including all relevant institutions of the Republic of Serbia

Co-funded by the
Erasmus+ Programme
of the European Union

- The NAFB long term goal is to unite the efforts of all socially responsible persons, institutions and companies in the territory of the Republic of Serbia to act preventively and collectively through expert work in the interest of us all, to improve the system of fire protection.
- The NAFB main task is to launch initiatives and activities that enable the long-term favorable conditions for the stability of the whole society in the field of fire protection.
- Founders and members of the NAFB are recognized experts and representatives of the academic community in various fields of science, economy and society, who have been affirmed in their previous work in the field of fire protection.

-
- **NAFP** has developed a network of expert committees, departments and commissions through which achieves its social role.
 - The expert committees and departments of the NAFP gather prominent experts from the field of science, economy and state administration in the field of the fire protection, in order to apply the knowledge and experience in the implementation of the activities and projects of the Association, for the purpose of advancing the field of fire protection.

Co-funded by the
Erasmus+ Programme
of the European Union

➤ **NAFP has developed professional services and Expert Committees for different activities, which consists of:**

- Certified Economist
- Certified Lawyer

- Certified Electrical engineer

- Certified Mechanical Engineer
- Certified Civil engineer

NAFP has academic and professional capacity to fulfill its role in all three phases of the project K-FORCE, in all nine work packages, in particular:

- To provide qualified staff and resources for project activities for the ultimate aim to build a network of experts.
- To make a report on active professionals
- To carry out research on the quality of the project among the target groups and,
- To organize the dissemination i.e.. activities that will promote the project K-FORCE.
