**K-Force Glossary of Key
Words and Terms**

University of Tirana

Co-funded by the
Erasmus+ Programme
of the European Union

The European Commission support for the production of this publication does not constitute an endorsement of the contents which reflects the views only of the authors, and the Commission cannot be held responsible for any use which may be made of the information contained therein.

Outline of the presentation

- Methodology
- Source and Literature
- Selected terms to include in the glossary

Methodology

- ***First Phase- Identification of possible terms***

Three main areas:

1. Foundation of Risk Assessment and Decision Making
2. Insurance Risk Management
3. Financial Strategies and DRM

Co-funded by the
Erasmus+ Programme
of the European Union

Methodology

•Second Phase- Presentation of Source of Literature and Explanation of the terms

- joint meetings where the terms identified by each one separately were discussed.
- sources of information and literature used, as well as the explanation of terms.
- comparison of the findings-identification of differences
- concluded with a final list of terms to be used for the glossary.

Methodology

Third phase: Each member of the working group read the findings again to ensure that the final terms of the glossary covered the four above mentioned fields.

The fourth phase: Each term identified was filed in an Excel report, where it was included the information on the term ; explanation of the term, reference and the research field to which it belonged.
